

Name

Dr. Emmanuel Boakye-Danquah

Job Title

Project Director for Consortium

Key Skills**Perception**

A leader with a track record of outstanding service in the Ghanaian armed services, supporting Local Government in the United Kingdom and within the community as an ordained Christian pastor. Emmanuel is PRINCE 2 qualified for project management and is a specialist practitioner, legislation and systems trainer with proven ability to train on DIP systems Comino, Phoenix, Anite imaging systems processing using I-World Northgate systems. His ambition is to help improve the information infrastructure in developing African nations and consequently improve the effectiveness of their governments' service delivery in the 21st Century.

Attention to detail

The desire to accept nothing less than 100% completeness and accuracy in all processes and routines and to document each step taken at an individual record and attribute level to provide a complete audit trail.

Career History**Project Director, Head of Consortium Ghana Missing Link Project - 2006 to present**

The Missing Link consortium, made up of IA LLP and Trimble Navigation Ltd., is his brainchild. Working with Trimble under the consortium, to create a digital Ghana with a backbone infrastructure of Radio Broadcast DGPS over the country: providing coverage with sub-metre accuracy for the whole country and its off-shore waters. The DGPS infrastructure will enable the accurate location of all the addresses to be collected in Ghana, which will be compiled into a maintained central database – the Ghana Address File (GAF).
